By Ordering software from Acro-Works, Inc. I / We hereby acknowledge that I / We have read and understood all the provisions of the PDF Magic™ software license agreement. We also agree to abide by any and all restrictions contained within that agreement.

Acro-Works, Inc.™ PDF Magic™ End User License Agreement for: PDF Magic™, PDF Magic™ LE, and PDF Magic™ Demo

Please Note:

THIS IS A CONTRACT. By installing this software you accept, and agree to abide by, all the terms and conditions of this Agreement.

As is traditional in this industry (a shame, but necessary), the aforementioned "Software" products are licensed, not sold, to you by Acro-Works, Inc. ("Acro-Works"), for use only under the terms of this License.

Additionally, Acro-Works reserves any rights not expressly granted to you. You own the disk on which the "Software" is recorded or fixed (if you received such a disk from Acro-Works), but Acro-Works and its licensors retain ownership of the "Software" itself.

The term "Software" also shall include any upgrades, modified versions or updates of the Software licensed to you by Acro-Works.

Please read this Agreement carefully. At the end, you will be asked whether you accept this Agreement. If you click the accept option, the installer will continue and you will be able to use the software. If you do not wish to accept this Agreement and click the decline option, the installer will quit, and you will not be able to use the Software.

Upon your acceptance of this Agreement, Acro-Works grants to you a nonexclusive license to use the Software, provided that you agree to the following:

1. License.

This License allows you to use one copy of the Software on a single computer at a time. To "use" the Software means that the Software is either loaded in the temporary memory (i.e., RAM) of a computer or installed on the permanent memory of a computer (i.e., hard disk, external or removable storage, etc.). You may use at one time as many copies of the Software as you have licenses for. You may install the Software on a common storage device shared by multiple computers, provided that if you have more computers having access to the common storage device than the number of licensed copies of the Software, you must have some mechanism (i.e. license management software, password restriction, etc.) which locks-out any concurrent users in excess of the number of licensed copies of the Software. If the Software is installed on the permanent memory of a single desktop computer (i.e., not a storage device shared by multiple computers) and that desktop computer is used by one individual for at least 75% of the time that the computer is in use, that same individual may also use a copy of the Software on a portable or home computer, provided that only one copy is loaded into the temporary memory of any and all of the computers at any one time. You may make one copy of the Software in machine readable form solely for backup purposes. The Software is protected by copyright law. As an express condition of this License, you must reproduce on each copy of the Acro-Works copyright notice and any other proprietary legends that were on the original copy supplied by Acro-Works.

2. Transfer of License

You may permanently transfer all your rights (excepting upgrade provision, noted below) under this License to another party (or parties) by providing to such all copies of the Software licensed under this License together with a copy of this License and all written materials accompanying the Software, provided that the other party reads and agrees to accept the terms and conditions of this License. For the purposes of any and all future upgrades that may or may not be offered by Acro-Works, transfer of ownership of the license shall NOT be recognized by Acro-Works (at its discretion) unless the party wishing to transfer the license notifies Acro-Works in writing, of the transfer.

3. Copyright and Trademark Rights.

The Software is owned by Acro-Works. Its structure, organization and code are the valuable trade secrets of Acro-Works. The Software also is protected by United States Copyright Law and International Treaty provisions. You may use trademarks only insofar as required to identify output produced by the Software, in accordance with accepted trademark practice, including identification of trademark owner's name. Such use of any trademark does not give you any rights of ownership in that trademark. Except as stated above, this Agreement does not grant you any intellectual property rights in the Software.

4. Restrictions.

The Software contains trade secrets in its human perceivable form and, to protect them, you agree that you may not: translate, reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code of the Software. You also agree that you may not: modify, adapt, translate, rent, lease, loan, resell for profit, or create derivative works based upon the software or any part thereof.

5. No Warranty.

The Software is being delivered to you "as is" and Acro-Works makes no warranty as to its use or performance. Acro-Works warrants only the disk on which the software is recorded (if you received such a disk from Acro-Works) to be free from defects in materials and workmanship under normal use for 90 days from purchase. Acro-Works does not and cannot warrant the performance or results you may obtain by using the software or documentation. Acro-Works makes no warranties, express or implied, as to non-infringement of third party rights, merchantability, or fitness for any particular purpose. Your exclusive remedy for breach of warranty will be the replacement of the disk or refund of the purchase price. In no Event will Acro-Works or its developers, directors, officers, employees or affiliates be liable to you for any consequential, incidental or indirect damages (including damages for loss of business profits, business interruption, loss of business information, and the like), whether foreseeable or unforeseeable, arising out of the use of or inability to Use the Software or accompanying written materials, regardless of the basis of the claim and even if Acro-Works or an authorized Acro-Works representative has been advised of the possibility of such damages, or for any claim by any third party. Acro-Works liability to you for actual damages for any cause whatsoever, and regardless of the form of the action, will be limited \$100 or the money paid for the software that caused the damages (whichever is greater).

The above limitations may not apply to you, as some states or jurisdictions do not allow the exclusion or limitation of incidental, consequential or special damages, or the exclusion of implied warranties or limitations on how long an implied warranty may last.

6. Export Law Assurances.

You agree that neither the Software nor any direct product thereof is being or will be shipped, transferred or re-exported, directly or indirectly, into any country prohibited by the United States Export Administration Act and the regulations thereunder or will be used for any purpose prohibited by the Act.

7. Governing Law and General Provisions.

This License will be construed under the laws of the State of Florida, U.S.A., except for that body of law dealing with conflicts of law. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. If any part of this Agreement is found Void and unenforceable, by a court of competent jurisdiction, it will not affect the validity of the balance of the Agreement, which shall remain valid and will be enforced to the maximum extent permissible to its terms.

This Agreement shall automatically terminate upon failure by you to comply with its terms, and this Agreement may only be modified in writing signed by an authorized officer of Acro-Works.

8. Notice to Government End Users.

If you are a U.S. Government end-user, this License of the Software conveys only "RESTRICTED RIGHTS", and its use, disclosure and duplication are subject to Federal Acquisition Regulations, 52.227-7013 (c) (1) (ii).

The Software and Documentation are "Commercial Items," as that term is defined at 48 C.F.R. §2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation," as such terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7202, as applicable. Consistent with 48 C.F.R. §12.212 or 48C.F.R. §§227.7202-1 through 227.7202-4, as applicable, the Commercial Computer Software and Commercial Computer Software Documentation are being licensed to U.S. Government end users

- (A) only as Commercial Items and
- (B) with only those rights as are granted to all other end users pursuant to the terms and conditions herein.

Unpublished-rights reserved under the copyright laws of the United States.
